## Benefits of Attending

The All American Fastener Show is an opportunity for industry professionals from around the world to network with United States fastener manufacturers and to learn more about new products and technology available from the American market.

The show is a cost effective way for attendees to meet industry professionals and see the latest in United States fastener products and technology.

- Centrally located within the U.S.
- Easily accessible by interstates and highways. The Kansas City International Airport (MCI) serves as a hub for many airlines, making travel to the show easy!

## Plans for the 2013 Show Include

- Our Fastener Bash
- Exhibits from American Fastener Professionals
- NEW Seminar on Corporate Image Branding and Web Marketing
- Golf Tournament

## Visit us online, we've made it simple for you to:
